CHARLEROI SCHOOLS OPEN SEPTEMBER 1

Term Will Be For One of Nine Months — Children Entering For First Time Mush Show Successful Vaccination Certificates

ENROLL PUPILS AUGUST 30

Those Entering For First Time —All Children Who Will Have Attained the Age of Six Years By January 1, 1925, Will Be Admitted to Schools

Charleroi schools will open Monday, September 1, for a term of nine months ending May 29, 1925.

All children are to report to the room in which they were at the close of last term where they will receive their assignment for this term. All children entering school for the first time are required to present successful vaccination certificates. "No additional instructions have been received from the Department of Health," although reports are current that all pupils and teachers must show certificates of successful vaccination within two years. To-date no instructions have been received by the school authorities to this effect.

The principals of the several buildings will be in their offices Saturday afternoon, August 30, from 2 o'clock until 4, for the purpose of enrolling all pupils entering the Charleroi schools for the first time. Parents are urged to bring their children at this time. All children who will have attained the age of six years by January 1, 1925, will be admitted. Dr. C. C. Lively will be in his office Saturday, August 30, from 2 to 4 o'clock, for the purpose of enrolling high school pupils and arranging their class schedules.

Local Boys Taken To The County Seat

Local boys accused of the attempt to appropriate $140 lost by a North Charleroi lady, as reported in the Mail, escaped prosecution, no informations being filed against them.

James Livingston, who lives between here and Speers, said with his father and two sisters, is at his home. His interests will be looked after by Mr. and Mrs. W. E. Davis of Third street and Lincoln avenue, this place, who will assume the task of an attempt to mould his character for the right. The boy, who is 12 years old, was bereft of his mother by the death of the woman.

Yesterday, Patrolman George W. Corey took William Dubinsky, 13 years old, and Mike Uhor, aged 14, to Washington. The boy Dubinsky will be sent to the training school at Morganza, while the Uhor lad will be held for the present at the detention rooms.

BRITAIN'S PRIDE NO MATCH FOR THE AMERICAN

LONDON, Aug. 9—Before an assembly of 70,000 fight fans, Tommy Gibbons, American light heavyweight, knocked out Jack Bloomfield, British heavyweight, in the fifth round of the 20-round bout which took place in Wembly stadium today. Gibbons was the favorite in the betting. The Eiglishman was no match for Gibbons.

The sport writers have been hailing Bloomfield as the potential rescuer of his country's sinking prestige in the ring, which some of the people seem to think went down for a second time on the last occasion when Beckett was knocked out by Georges Carpentier. Bloomfield apparently shared in this regard of himself as the possible savior of Great Britain's boxing prestige. "My last word" he is quoted as having told one of the newspapermen this afternoon, "is that I will fight to my last gasp to retrieve Great Britain's prestige in heavyweight boxing."

Pittsburgh Pike To Be Closed At Murray Hill

The Pittsburgh pike from the East End bridge at Weavertown to Murray Hill bridge, will be closed in about two weeks by the state highway department, when the work of widening and paving to a width of 18 feet with reinforced concrete will be commenced by the contractor, Thomas Arrigo, of this place. The distance is 1.37 miles.

The route at the top of Curry hill will be changed and the new highway will pass between the barn and the street car line. The improvement will require the road to be closed about two months.

The section of the Canonsburg-Venice-McDonald road will be thrown open in two weeks and the detour on the pike from Canonsburg to points below Murray Hill will be via Venice. The state highway department will post detour signs.

Workers Set New Record For Campaign By Bringing In 330 Subscriptions For the Largest Amount Of Any Day So Far

GRAND TOTAL IS $148,800

American Legion Subscribes $1,000 That Is To Memorialize a Room In New Hospital; Others May Do Same—Campaign to End Monday

Bubbling over with enthusiasm and exhibiting in many ways their joy over the record breaking result of their day's work, the hospital workers turned in a total of $28,622 and pushed the grand total for the hospital building fund to $148,800 or within $1200 of the minimum objective.

It was the best meeting that has yet been held of the hospital workers. In addition to being largely attended the meeting was full of that quality of enthusiasm that always follows splendid results after hard work.

Chairman Kerfoot W. Daly, while pleased, is particularly anxious that the workers continue securing subscriptions until the amount for the hospital building fund can be boosted beyond the $200,000 mark. He gives as his reason for this that the necessity for building a first-class fireproof hospital sufficiently large to take care of this community's needs will require more than $150,000.

The workers have shown no inclination to stop working as yet and met today even though it was Saturday. All workers left the meeting yesterday wearing tags with $20,000 objective for today's report as a slogan. Vice Chairman, J. D. Berryman, predicted, however, that the workers would get $50,000 if they showed the same enterprise as they did yesterday.

J. B. Tussing, Sales Manager, who presided at the meeting in the absence of Chairman Daly, who was out of the city, commended the workers for their excellent record and urged them to stick by their guns and continue working, as everybody's report increased the glory of victory and made the campaign more satisfactory from every standpoint.

As Manager Tussing recognized the workers are all showing a splendid spirit by working long hours and hard, doing their level best to get subscriptions. When one considers that already 1,338 citizens have subscribed to the hospital building fund it is easily seen that the workers are covering the city very thoroughly.

Six Good Gas Wells Are Secured In The Wellknown Gretna Field

Six gas wells, each of which is reported as making 1,000,000 cubic feet daily or better, have been drilled in during the last few weeks at Gretna, about six miles northwest of Washington and as a result drilling operations are under way there on a more extensive scale than in any other field in Washington county.

Four of the wells were drilled by D. V. Hays & Co., of Burgettstown. The first was brought in on the Fredericks tract. The next was on the Lacock farm, the third on the Null farm and the fourth on ground owned by a foreign family.

Denny & Allison, of Hickory, secured a strong well on the Jake Dornan farm while on another Dornan tract, S. D McCloy of Canonsburg, and associates drilled in the sixth well on Monday of this week.

C. W. Bromley & Co., are drilling on the Huber Hill tract at Gretna and on Wednesday struck gas at a depth of 125 feet. The gas caught fire but was put out after a stubborn fight.

All the territory in the district is under lease and operations in the field will continue. The Peoples Gas company and the Manufacturers Light and Heat company are buying the output from the wells.

In an operation, which is entirely separate from that in the Gretna district, the Hickory Penn Gas company has drilling under way on the Lindsay farm near McConnells Mill. The well is reported to be down to a depth of 1,800 feet.

The week beginning August 10th has been set apart for the cutting of weeds. Owners of vacant lots in particular and all property owners in general give this matter their attention.

TO RESTRICT THE BATHERS

Yesterday's Monessen Independent has the following:

"In an attempt to avert the tragic deaths by drowning that have season after season been a source of deep regret in this community, Mayor Cary Woodward this morning issued orders to the police department to prohibit bathers from entering the river from the city limits at any place other than where authorized guards are stationed.

"Many local youths in an effort to escape the sweltering heat time and again jump into the river at any point of vantage along the river and many narrow escapes from drowning have been reported. Sand dredges have been at work at various places in this section and as a result deep holes have been made, where unsuspecting bathers suddenly drop into while wading along what seems to be a shallow shore. The habit of bathers entering the river at Page Park will be stopped immediately and police will patrol the banks at intervals in an effort to break up this practice."

YOUNGSTERS GET THEATRE TICKETS FOR FLY KILLING

Allentown, Aug. 9—Allentown has solved its fly problem, according to city officials, who have conducted a "swat the fly" campaign this year.

Through the courtesy of the local theatres, tickets have been presented to each youngster who kills and brings 200 flies. The boy or girl killing the largest number receives a season pass to one of the largest movie houses.

It is estimated that more than 1,500,000 flies have been killed by the children during the past two weeks, which means that close to one hundred million flies failed to come to life to plague the city.

Wronged Husband Fills Anatomy of Boarder With Chilled Plumbago

Wilkes Barre, Pa., August 9.—Discovering Felicio Kini, 37, a boarder in his home, with his wife in the parlor after repeated warnings, Paul Marrish, 35, Glen Lyon, shot and fatally wounded the boarder after being threatened with a knife, according to the story he told police today. Kini died early today in the Nanticoke state hospital.

The wife, a pretty Italian girl of 29, and the mother of two children, both under five years old, tried to save the boarder, but Marrish emptied his revolver, inflicting five bullet wounds in Kini's head and body. The wife then called the police.

Marrish confessed to the police, alleging defense of his honor and self defense. Both men were laborers in the mines of the Susquehanna Collieries Co.

THEBOM IS IN BAD SHAPE, BUT HOPES ARE HELD

Robert Thebom, aged 26, of this place, son of Mr. and Mrs. Carl Thebom of 467 Clarendon avenue, Monessen, who was seriously injured in a peculiar manner last Sunday, and who has been removed to the West Penn hospital, Pittsburgh, was reported this morning as in a critical condition, but hope is entertained for his recovery.

Thebom twisted his spine in some manner when he made a dive into the water as he started out to swim and was rescued from the water in a paralyzed condition. Upon examination and use of X-ray at the hospital, it has been learned that the fifth vertebrae of his spine was fractured and yesterday he was placed in a plaster cast. Physicians believe that within a month the fracture will be healed and he will have regained the use of his right leg and the finger tips of his hands.

Thebom has regained the use of his limbs to some extent which were completely paralyzed when he was taken from the waters at the North Charleroi beach.

WILL HAVE A NEW FIRE TRUCK

The recent disastrous fire in California has impelled the residents of that borough and contiguous vicinity to get busy and prosecute measures for a fire truck securing. This week's Sentinel says:

"This community is going to have a fire truck. The fire of last week has roused the entire population of this borough, as well as residents of Phillipsburg, the township, Coal Center, Granville, Daisytown and Walkerstown and with a realization of the inadequacy of the present fire fighting apparatus, the entire community is backing a campaign to buy an up-to-date fire truck and have it here as quickly as possible.

"The local fire company has been driving for a new truck and equipment for several years, and over $5,000 has been collected, which sum is on deposit and drawing interest. The type of truck needed will cost approximately $15,000, with all equipment needed to successfully fight fires. A pumping capacity of 750 gallons of water a minute is thought to be sufficient for the new truck. Equipment will include new hose and more of it, all necessary tools and instruments to work with and clothing for the fighters.

"Tuesday evening last the fire company met and organized for a drive for the $10,000 needed to buy the truck. The community was divided into districts with Ward ... dividing line. Leslie Hornbake is captain of the territory on the East side and Dr. A. B. Linhart is captain of the West side. These two captains will choose helpers and a thorough canvass of the community will be made, starting on Wednesday and ending on August 30."

TREND OF THE TIMES.

Three months, or such matter ago, there was such a dearth of houses and living apartments in Charleroi and North Charleroi, that to use the expression, "living apartments for rent could not be secured for love or money." People, either willingly or unwillingly, were compelled to buy property for places of abode.

This morning a local real estate dealer made the astounding statement that there "are plenty of houses for rent." Inquiring the reason for the sudden change, he said that "people are doubling up."

The situation is doubtless caused by the dearth of employment, a number of people either having to remove elsewhere, or else, as the real estate man asseverated, were obliged to "double up" to save expenses.

However, with the prosperous conditions of last year, reaction was bound to come—it is the rule and not the exception in manufacturing and mining communities, but the future augurs for better times, and people should try and assume the optimistic, buoyed by the thought that the present hard times is in reality the "lane which will have a turn," and for the better.

PRISON "GUESTS."

At the recent meeting of the Pennsylvania Bar Association, Judge Garman said he objected to "making hotels out of prisons, where the inmates were treated as guests," and according to the report he pointed out that the main object of a penal institution is to make it unpleasant for a prisoner, so that he would know that he is being punished and have no desire to come back."

It may be true that in some particulars the reaction against the old-time horrors and brutalities of prison life has gone too far and that there has been in some quarters a tendency toward extremes in an effort to provide a softer life than is wholesome for persons convicted of serious crimes. But Judge Garman is clearly wrong when he says that the primary object of a penal institution is to make it unpleasant for prisoners. Of course the primary object is to protect society from evil doers. The secondary object is—or ought to be—to reform the prisoner, and as a means to that end there should be rewards for good behavior and punishment for misbehavior. Obviously jail inmates should not be treated as "hotel guests," but they should be treated as human beings, their existence should be made tolerable, and there should be no backward tendency toward the horrors and brutalities of former times. This is desirable not merely on the ground of humanity but as an aid in leading toward reform where reform may be possible.

IN THE WORLD OF SPORT

Philadelpha Is Beaten By The Pirates; Score 1-0

Pie Traynor broke up a pitching battle at Philadelphia yesterday afternoon when he soaked one of Jimmy Ring's offerings in the eighth inning and sailed the ball over the right field wall into the street for the only run that was scored in the entire struggle, thus giving Lee Meadows the decision over the Philly ace, Jimmy Ring.

No two moundsmen ever twirled a more evenly balanced game, and while the Buccaneers outbatted the Phillies they were limited to four blows by Ring. Meadows was touched for just three swats, all singles, and one of them by an emergency hitter.

Meadows appeared upon the scene with his salary arm feeling right after his recent trip to Rochester, N. Y., to consult a specialist. The doctor had informed Lee that his ailment was simply a cold and the torrid weather into which the Buccaneers have bumped appeared to have cooked all the soreness out of the big right-hander's hurling machinery. Accordingly, the bespectacled star was selected to face the club which cast him adrift and turned him over to the Corsairs.

JIM BUCHANAN TO HANDLE SOUTHSIDER'S, PITTSBURGH, BOUTS

Jim Buchanan of this place, generally credited with being the discoverer of Cuddy DeMarco, announces that he has purchased Tony Norman's contract from Bill Jordan and will hereafter handle the South Sider's affairs. Jim's first effort will be to land a bout for Tony with his old playmate, Johnny Hamm at Braddock if the Elks desire to stage another show there after the DeMarco-Conlin affair next week. Buchanan also said the Charleroi Elks are going to stage another show about August 21, pitting Eddie Pinchot against an outsider.

Buchanan is also the handler of Willie Davis of Charleroi, the little fellow who created quite a swath in the amateurs and who has been unusually successful since turning professional. He defeated Kewpie Ring and Tony Tortoise at Motor Square and walloped Al Holmes in Ottawa recently. Buchanan plans to show Davies again in Ottawa against Wilf Doherty next month. The fans there were greatly impressed with the little Welshman's work and are anxious to see him again, says Buchanan.

DICK CONLON WINS FROM PEP O'BRIEN BOUT IN JOHNSTOWN

Despit two last minute substitutions and a change in the headliner three days ago, the second open air show of the season in the Crystal Beach arena at Johnstown proved a huge success from a financial and fighting standpoint. It was the best show staged in the Flood City in the past two years. Four heated bouts furnished thrills a-plenty.

Dick Conlon of Altoona climbed a notch higher in winning the decision over Pep O'Brien of Scranton in a torrid 10-round scrap. Conlon carried five rounds, two were even and the others went to O'Brien. O'Brien gave Conlon the stiffest tilt in a Johnstown ring since the Altoona slugging marked the bout all the way, with O'Brien showing marked ability in this respect.

O'Brien was substituted for Ray Mitchell of Philadelphia three days ago when the latter was forced to call off the bout. Mitchell was on hand to show his injury and collect his forfeit.

The preliminaries were all good. In the semi-final bout Johnny Walcott of Pittsburgh subbed for Young Penno of McKees Rocks, the latter being unable to pass the physical examination and fought a draw with Buzz Buckrop of Nant-y-Glo.

K O. Ferry of McKeesport and Jimmy Gaines of Johnstown also put up a rattling good draw. Only Ferry's ruggedness enabled him to survive a heavy bombardment of blows throughout the scrap. In the first scrap Tommy Crowley of Pittsburgh, substituting for Joe Shurra, batted Charley Adams of Johnstown all over the ring for three rounds, then was awarded the scrap on a technical knockout. Adams was unable to continue after the third round.

MISS EMERY WINNER OF TROPHY—MRS. SHARPNACK, SECOND

Miss Geraldine Emery yesterday won the trophy offered by Miss Mildred Underwood in 36 holes of handicap medal play at the Nemacolin Country club with a net score of 163. Mrs. S. W. Sharpnack was second with 166 and Mrs. T. B. Seamans third with 167.

Miss Emery played extremely good golf to win the cup. Her first 18 holes were negotiated in 105, but in the second 18 she turned in a gross score of 96 which is the best score ever registered by a woman on the Nemacolin course. Her handicap for 18 holes was 19.

Since the "Clermont" Puffed up the Hudson

There was a lot of ceremony a hundred and seventeen years ago—when Robert Fulton proved a steamboat would run by navigating from New York to Albany. Eleven years later, and the first steamer to cross the Atlantic was launched.

What if those pioneers of advanced water transportation, Fulton and Livingston, and those doubting crowds that waited to shout when the power failed, could come back for a visit today!

Progress has been rapid and continuous—every advance has aided you and all the rest of the country to greater comforts, conveniences, safety, enjoyment, education.

With progress in other lines have come marked advances in banks and banking methods. At this strong, up-to-date Institution your account will be welcomed, if you are not already a customer.

People are still talking about Oakland Sealed Order Demonstration Week!

All over America, they became better automobile buyers by seeing Oakland's "week of proof"—or some part of it.

They know what Oakland will do, *because they saw Oakland* show features of design and performance that *all* other motor cars must eventually have.

If you did not have an opportunity last week to see why the True Blue Oakland is a year in advance of its field, drop in to-day or to-morrow, or any time.

Drive it yourself. Road-test this True Blue Car. Then you will know that Oakland is building one of to-day's very finest motor cars—and selling it at a very low price!

A Year in Advance of Its Field

MAY CREATE WHARF IDEAS

Pittsburgh, August 9.— Owing to the increase of automobiles being parked downtown while their owners are at work, more parking facilities will soon have to be provided in Pittsburgh. Councilman Alderdice is the principal backer of a proposed plan to create wharf areas in a modern way and maintain 24 hours service.

He points out that the principal municipal parking station, the Monongahela and Allegheny River wharves, are too sloping and machines are very difficult to handle during the hours of congested traffic.

The municipal parking fee is only 10 cents, but it is pointed out that in a short time the volume of business would be such as to enable the city to spend money in preparing the stations properly as well as the salaries of officers who direct the operation.

During the first six months of this year the Monongahela wharf station took in $394.70 and the Allegheny $822.

Finder Is Honest

Hazleton Pa.—In digging a foundation for the erection of a building on his lot, Stephen Hynes found a bag containing $10 and took it to police headquarters for return if an owner turns up and can prove it is his.

Imports More Autos

Manila.—Importations of automobiles into the Philippines, chiefly from the United States, increased approximately 150 per cent in 1923 over 1922, according to figures obtained from the bureau of customs.

GET $28,622 MORE FOR NEW HOSPITAL

(Continued from first page)

Manager Tussing read a telegram yesterday from Mrs. C. J. Mogan, Commander of division "C" in which she congratulated her division on their splendid work, the results of which, she declared, gratified her very much. Mrs. R. C. Mountser of Team 10 has been acting commander in Mrs. Mogan's place during her absence at the bedside of a sick sister in Tennessee.

One of the interesting features in the campaign has been the rivalry that developed between the divisions of salesmen.

Captain F. W. Brady and Team 2, division "A" leaped to the forefront yesterday and for the second time captured the campaign goat, a trophy that is awarded to the team having the most sales for the day. Captain Brady's men had $5,030 in their report.

Commander Geo. W. Might, Division "B" said that he was going to nickname Captain Brady, "Come-Back-Brady." All of Captain Brady's men are several times honor men and Captain Brady himself is six times an honor man.

Close to Captain Brady's total was that reported by Team 7, captained by T. H. Warrensford, who reported $5,030.

The third team for the day was that of Mrs. R. C. Mountser, who had $3,025.

The high division for the day was Division "A" commandered by George W. Might. Commander Might is very proud over the fact that his division is the first to become an honor division with $24,972 in subscriotions for the campaign.

Division "C," however, under the able leadership of Mrs. R. C. Mountser as commander, is also an honor division with $20,047, making the second division to fall in line.

Commander S. L. Woodward's Division "B" only needed to sell $2,320 today noon to make his division an honor division and there was every indication this morning that his total would go far beyond that.

Mrs. Michael Rosenbloom, commander of Division "D" needs only $5,800 to make her division an honor group; and Mrs. Rosenbloom declared this morning that there was no question but what her workers would put her division on the honor roll either today or Monday.

The high team in Division "A" was that of Captain Brady, team 2. The high team in Division "B" was that of Captain Warrensford, Team 7. The high team in Division "C" was that of Captain Mountser, Team 10. The high team in Division "C" was that of Captain Rosenberg, team 15.

It was announced today that the American Legion had subscribed $1000 and wished to have this sum credited as a memorial in the hospital. The Federated Clubs of the city also reported a subscription of $50.

Other organizations subscribing yesterday are as follows: La Mutueulle Society, $500; Independent Slovac Club, $300; Charleroi Lodge No. 615 F. & A. M. $1,000; Charleroi O. E. S. No. 122, $50; the Belgium Club, $250; the Polish Club, $250; the Lithuanian Club, $250; Charleroi Lodge B. P. O. E, $500; Athena Club, $100.

The total honor salesmen figuring $500 for each honor is as follows: W. C. Binns, O. B. Clutter, Seward Might, E. Kiefer, Russell Blythe, J. W. Steck, C. H. Zoller, Paul Kimmins, Mrs. B. C. McBride, Mrs. John Henrion, Mrs. Anna Carney, Mrs. George W. Might, Miss Della Swan, Mrs. R. H. Rush, Mrs. Blanche Ackison, Mrs. Guy Woodward, Mrs. J. F. Wall, Mrs. J. M. Brand, Miss Anna N. Olewine, Mrs. Della Halstead, Mrs. John Deitz, Miss Elva Shaffer, Mrs. Philip Wayne, Mrs. Jos. Prise, Mrs. F. W. Brady, Mrs. J. G. Albright, Mrs. E. McKeown, Mrs. J. Rockwell, Mrs. I. Mallin, Mrs. Roland Gass, Mrs. L. E. Jobes, Mrs. H. F. Owstutter.

The twice honor salesmen are as follows: W. Jimeson, B. K. Barnett, D. R. Hormell, P. Calistri, Miss Esther Berryman, Mrs. Arthur Miksch, Mrs. V. P. Vieslet.

The three times honor salesmen are J. Gallo, J. Guggie, J. B. Buchanan, L. Frye, Howard Marks.

The four times honor salesmen are: Walter Jack, Walter Urben.

Mrs. R. C. Mountser is five times an honor salesman.

F. W. Brady and T. H. Warrensford are six times honor salesmen.

Plant Eats Animals

A most unusual plant that reverses the natural order of things by eating animals has recently been put on display at the London Horticultural hall [illegible] eating plant is a native of the tropical East Indies. Its principal prey are mice, which are attracted to it by a very pungent odor emanating from the mouth of the blossom, formed into almost a perfect hole. The mice crawl into this opening and natural bristles on the petals close about the victim as it makes an attempt to escape. Digestive juices similar to those secreted in the stomach of animals are given off, and the victim is slowly consumed.

SOCIETY

Mrs. Albert E. Ludwig entertained the members of the Friday Evening 500 club at her home in Ninth street last evening. An enjoyable evening was passed in playing cards, three tables being in play. Mrs. William McBride and Mrs. P. J. McCann were presented with the favors. Mrs. Ludwig served refreshments.

INJURIES FATAL TO A FARMER

George Kortwine, aged 39, who resides in Forward township, died late Thursday night in the McKeesport hospital of a fractured skull sustained on Monday while unloading hay on his farm.

Kortwine, with an assistant, was removing hay from a rack-wagon when a block and tackle broke loose from the top of the barn, striking him on the head. Kortwine fell to the ground with a gaping wound across the top of his head.

Alfred Ferutti, aged 12, suffered the loss of two fingers by amputation at the Mercy hospital, Pittsburgh, Thursday, as the result of an explosion of a dynamite cap with which the child was playing at his home near Axleton on Tuesday.

The father of the boy was at work, while the mother of the child was confined to her bed by illness. The child managed to secure two of the dynamite caps from a shed adjoining the home. He carried the two cans to the hillside overlooking Monongahela, bent on examining them. He seated himself on a large boulder and with a screwdriver attempted to open the metallic shell. An explosion occurred and so seriously mutilated the two fingers of the left hand that amputation of them was necessary. The child also suffered burns about the right hand and arms.

WORK AT CHESS PARK WILL SOON BE DONE

Improvements at Chess Park, Monongahela, are rapidly nearing completion. The concrete work includes the building of the large fountain and hundreds of feet of paving through the park. Shrubbery, consisting of plants and bushes by the hundreds, have been planted and are growing. The Charles S. Crall Floral company of Monongahela, donated 200 potted plants of various kinds to the city parks commission and these are being planted this week. All of the piping and concrete base work is completed and the bronze fountain pedestal which recently arrived from the makers in New York City, will be installed at once.

Workmen will start shortly on the erection of the bandstand in the south end of the park and when this is completed the park will be formally dedicated.

ANN LUTHER AFFAIR ON A HOLIDAY

Los Angeles, August 9.—The Ann Luther-Jack White scandals took a holiday today after playing to crowded houses all week. The orange-bobbed movie actress went to the seashore for a rest while Millionaire Jack consulted with his attorneys in preparation for the next scene of his fight against Ann's suit for $100,000 for alleged breach of contract.

Ann took some new clothes to dazzle the beach promenade and waved her brilliant bob in the breeze as she announced to the world and Hollywood that she still expects to collect in her venture of the heart, screen, and millionaire's moneybags.

The trial will be resumed Monday before bi-lingual wooing of the film star during their famous transcontinental Pullman car trip, during which, the actress testified, she fell in love with White "just outside Chicago."

Wales Is Developing Mind of Philosopher

London.—The prince of Wales is developing the philosophic mind. Everybody is always talking, or writing, about what a fine young man the prince is, but his ideas of other folks seldom get print- [illegible] esting than some of the well-worn tributes to the prince's good looks and manners if his recent comment about somebody he knows has been correctly reported.

"Every day that blessed So-and-So gets royaler, and royaler, and every day I get commoner and commoner," Wales is said to have remarked about this person.

Try This New Kind of Corset If You Want to Reduce!

Makes Waist and Hips Look Thinner *Instantly* —Actually Takes Off Fat Day By Day!

Step into this new kind of corset and see how quickly your waist, hips and thighs look inches thinner. Wear dainty, stylish clothes at once! Dance, play and walk to your heart's content! Snap your fingers at tiresome exercises, starving diets, harmful medicines, or bitter self-denials! This marvelous new kind of corset not only makes you look slender, it actually massages away your fat every second you wear it, and yet does it so gently you hardly feel it!

The moment you put on this wonderful new corset—known as the Madame X Reducing Girdle—the bulky fat on waist, hips and thighs seems to vanish, the waistline lengthens and your body becomes erect, graceful, youthfully slender. And then, with every step you make, with every breath you take, with every little action this new kind of girdle gently massages away the disfiguring, useless fat, and you look and feel years younger!

No bulging of fat—no unnatural raising of bust—no "laced in" feeling—no stiff unresisting stays to keep you from indulging in outdoor or indoor sports.

Actually Reduces Like Expert Masseur

The Madame X Reducing Girdle is designed in accordance with scientific massage principles which have caused reductions of 5, 10, 20 pounds. It is made of the most resilient Para Rubber, especially designed for reducing purposes, and is worn over the undergarment. Gives you the same slim fashionable appearance as a regular corset, but without any discomfort, without that annoying "laced in" feeling. Fits as snugly as a kid glove, has garters attached, and is so constructed that it touches and gently massages every portion of the surface continually. While you sit, stand, walk, climb stairs, bend, reach, dance, ride or during any form of exercise! Every move you make, even your natural breathing is met by this live rubber girdle which gently massages away the fat without extra exertion on your part. Women often reduce from 1 to 3 inches the very first week.

Gives You Fashion's Boyish Lines in Perfect Comfort

Slip into the Madame X Girdle and you can wear stylish becoming clothes. Whether you are tall and stout, or short and stout, no matter what size waist, hips or thighs you have, there is a Madame X Reducing Girdle to fit you. And once you put it on you'll feel as though it was made especially to your measure. You'll enjoy the comfort of wearing it all day long, but, better still, you'll be delighted with the way it quickly reduces your excess flesh.

Now on Sale

Once you have worn the Madame X Reducing Girdle you will not want to be without it. It is wonderfully comfortable and you will find yourself using it as you never could a corset—for walking, riding, golfing; any time you want an adequate support against fatigue, and a slim charming figure. It is remarkably durable. Women everywhere are enthusiastic about it and cannot say enough in its praise.

You must see this remarkable—and entirely new girdle to appreciate it. Come in today and try it on. You won't want to take it off! Its low price will surprise you, too!

Nothing Else Like It
Every genuine Madame X Reducing Girdle has the name on the box and stamped on the girdle itself. Avoid disappointments by refusing imitations, which may look good when new but lack resiliency so quickly they lose their shape and usefulness. The Madame X Reducing Girdle will outwear an ordinary corset. The Thompson Barlow Co., Inc., 404 Fourth Avenue, New York.

Moral and Immoral Life.

The man who gives himself entirely to the service of his appetites makes them grow and multiply so well that they become stronger than he; and once their slave, he loses his moral sense, loses his energy, and becomes incapable of discerning and practicing the good. In moral life we govern ourselves. In immoral life we are governed by our passions.—Charles Wagner.

Would Re-Name Opals

Though opals are much admired and are commonly worn in this country, there is a popular superstition in Europe and other parts of the world that these beautiful stones are unlucky and bring misfortune to the owner. For that reason South Australia is seeking to exploit this product under another name, "Iridots," after the Greek word for rainbow.

The Successful Men

The men I have seen succeed best in life have been cheerful and hopeful men, who went about their business with a smile on their faces and took the chances and changes of their normal life like men, facing rough and smooth alike, as it came, and so found the truth of the old proverb, that "Good times and bad times and all times pass over."—Kingsley.

Novel Cork Puller

Buy some small screweyes and fasten one in each of the corks. They can be changed as the bottle is emptied and you will be pleased at the time and trouble saved by this novel cork puller.

Respect the Truth

Respect the truth. Be true. There is no conscience, there is no noble life, there is no capacity for sacrifice where there is not a religious, a rigid, and a rigorous respect for truth. Strive, then, to fulfill this difficult duty. Untruth corrupts whoever makes use of it before it overcomes him against whom it is used.

First Trip to Australia

The first authenticated voyage to Australia was made by the Dutch in 1606. It is believed, however, that the country was visited by the French prior to this date, though there are no actual records. The first important explorations were made by Captain Cook, who visited the country in 1770.

Retaining Youth

As I approve of a youth that has something of the old man in him, so I am no less pleased with an old man that has something of the youth. He that follows this rule may be old in body, but can never be so in mind.—Cicero.

Meaning of the Word Mutt

Mutt is a slang word for dog, especially a mongrel dog. To call a person a mutt is only a mild way of calling him a cur. The word seems to be spelled either "mutt" or "mut."

An Ancient Anesthetic

In prehistoric times, Zunis and other tribes of North American Indians used a substance obtained from the jimson weed as an anesthetic during surgical operations.

Some People Lack It

Jud Tunkins says what you learn by experience is generally what common sense should have told you in the first place.—Washington Star.

"TORMENT" IS A FINE PHOTOPLAY

Maurice Tourneur's love for the picturesque, the thrilling and the unusual is again given full sway in his screen production of "Torment," the First National picture which will begin an engagement at the Majestic Theatre on next Monday and Tuesday.

More than that, it is the most vivid fascinating film that he has yet contributed to the silent drama—which is saying a great deal when one considers the consistently good contributions that he has made in recent years with pleasing regularity.

Bessie Love, as the sweet and simple heroine, has the leading feminine role, with that capable actor, Owen Moore, giving a strong characterization opposite her. Jean Hersholt is to be seen in a role similar to that of his "Servant in the House," while important parts are taken by Maude George, George Cooper, Morgan Wallace and Otto Lederer. With this well chosen cast to aid him and his story Tourneur has achieved a splendid result.

The story moves swiftly and dramatically. It begins with the seething [illegible] revolves the theft of the crown jewels and ends with the great Japanese earthquake as the powerful climax. In between there is a sea voyage, with many scenes of beauty such as those for which Tourneur is noted, and a thrilling hold-up of an American express train.

Owen Moore has the part of an American crook, reformed in the end through love of Bessie Love, who portrays a servant girl on the yacht of the American head of an international band of thieves. The love of Boris, the Russian prince, portrayed by Jean Hersholt, for his fellow man, is a theme running much of the action revolves.

Tourneur has a knack of pleasing his audiences with pictures. In none within the memory of the present writer has he succeeded better.

In addition to "Torment," a good comedy has been selected "Wedding Showers."

Most dramas end with a wedding, so it's only fitting that a comedy should start with one.

Lige Conley is the featured comedian in this fast action comedy of matrimony. He is cast as the groom of a girl who has the habit of losing her husband's so fast that the insurance company has lost track and insists that she marry again to prove that the last one is really dead. Conley is the reluctant groom

The old saying that "Happy is the bride that the rain falls on" fails to work out as per schedule in this picture. While the rain falls copiously the good luck that it is supposed to bring fails to put in an appearance and grief in large bundles visits the newleyweds. The storm drowns their auto, blows away their clothes and they find themselves arriving at the hotel garbed in barrels and straw skirts. To end matters, a former husband, a two-gun man, shows up and runs the bride and groom from the place.

Conley is supported by Peg O'Neill as the bride, Mack Swain as the groom's father and Dick Sutherland as the irate ex-husband. The picture was directed by Lloyd Bacon.

Why Not Put It In Trust

More and more men of moderate means, as well as those who have a larger share of this world's goods, realize the wisdom of creating a trust fund for their family. It assures safety and careful management when the Charleroi Savings & Trust Company is appointed Trustee.
